

# COVERLAM |

by GRESPANIA

**COVERLAM** is an innovative product made from natural raw materials with exceptional mechanical and aesthetic properties that surpass those of any conventional tiling material.

It is the outcome of years of R&D from **GRESPANIA**. Thanks to the development of laminate pressing technology. With its **3240x1620mm** and **3000x1000mm** format, and **12mm** and **10,5mm** thickness, **COVERLAM** is easy to cut and handle, making it a suitable material for covering large areas inside the home. Maintaining thus, all the mechanical properties and visual appeal synonymous with porcelain tiles.

It is now possible to achieve ultra-resistant finishes for kitchen countertops, tables or cupboards.

Thanks to its great strength, **COVERLAM** is **resistant to everyday wear and scratches on countertops**, thus maintaining its original aesthetic vibrancy for longer.

**COVERLAM** can also meet the most demanding needs of the home in terms of **resistance to heat, chemicals and damp stain**. In addition, thanks to its **minimal porosity**, it is a **hygienic, antibacterial surface** ideal for food preparation.

In this way, new applications have been opened up for porcelain tile materials, offering huge potential for innovating in building and interior design.

## ADVANTAGES

SCRATCH RESISTANCE

FIRE & HEAT RESISTANCE

IMPERVIOUS SURFACE

IMPACT RESISTANCE

ENVIRONMENTALLY FRIENDLY

FROST RESISTANCE

UV RESISTANCE

STAIN RESISTANCE

RESISTANCE TO WEAR & TEAR

LOW WEIGHT

CHEMICAL RESISTANCE
